

# Strategic Air & Space Museum

2010 Fall Field Trip

**ASTRO  
COMPLETE  
EXPERIENCE**

Sept 27 – Dec 17

Kindergarten – 4<sup>th</sup> Grade

## 2010 Strategic Air & Space Museum Field Trip Program Presents:

### **Astro Complete Experience** Kindergarten – 4<sup>th</sup> Grade September 27 – December 17

Come get your astronaut and astronomy training here in our Astro Complete Experience (ACE) program!

Peer into space like never before inside our new mobile Planetarium! Your students will be able to view the stars in a new and personal way when they get an up-close look at the solar system inside the planetarium. They'll walk away with a new perspective on the cosmos. In addition to the amazing stargazing, your students will learn about other space-related topics such as planets, the space shuttle, Nebraska's astronaut Clay Anderson, the X-38 NASA crew recovery vehicle and more through hands-on interactive stations!

**PLUS, students will get to see two out-of-this-world space features here at the Museum:**

#### **Anakin Skywalker's PODRACER on display!**

Students will see a full-scale replica of the pod racer used in the Star Wars films!

#### **Multi-Axis Trainer (MAT)!**

Students will get to see an up-close demonstration of the machine that NASA astronauts used to train for space travel!

**Available Time Slots: 9:30am - 11:00am \* 12:00pm - 1:30pm**

**Cost: \$3 per person (Students and Adults)**

**Also ask about eating a sack lunch here at the Museum!**

**\*Limit 90 students per time slot**
