

# 2012 Strategic Air & Space Museum

Field Trip Program Presents

## Great Balls of Fire

An explosive new exhibit!

4<sup>th</sup> – 12<sup>th</sup> Grade

Feb 1<sup>st</sup> – May 4<sup>th</sup>

*Strategic Air & Space Museum invites you and your students out to discover an adventure in our newest exhibit "GREAT BALLS OF FIRE!"*

★ Explore a universe of fiery collisions and possible planet killers as students learn about the origins and movements of asteroids, comets, meteorites and planetary impacts in our solar system!

★ View "From Earth to the Universe" exhibit featuring telescopes, beautiful astronomical photography, a meteorite collection and more! Also spend time in our Astro Lab with additional space-related concepts and hands-on activities that will keep the students' minds in motion!

★ Be submerged in a full-dome planetarium experience in our new mobile planetarium, featuring our one of our new space-related programs!

Available Time Slots: 9:30 - 11am \* 11am-12:30pm \* 12:30-2:00pm \*(closed on Wednesdays)

Cost: \$3 per person (Students and Adults) \*Limit 90 students per time slot, limit 60 at 11am

Also ask about eating a sack lunch here at the Museum
